ABOUT ME

Goal-oriented individual with a pleasant personality and a tenacity that knows no restrictions. I can be a multitasking person, willing to meet the goal of the company and work as a team.

As a Fullstack developer, i prefer both frontend and backend, i realy like working with JavaScript (libraries, framework (Reactjs and Nodejs), and i keep up learning everyday. based on my past experience into the programming world, i manage good logic and work under preassure, i'm creative and with a possitive mentality to resolve problems.
